

▲ Serviced Apartment

The serviced apartments are becoming an increasingly popular choice for those who enjoy the flexibility, quality and personal service that a hotel can offer but who require the freedom, catering options and space of private accommodation.

Whether you are arranging a business or leisure trip for a few days, or need a base for several months during a major home building project, relocation or a corporate outsourcing venture, you can be sure of a relaxing stay in a ShortStayMK serviced apartment that will not only offer significant cost savings when compared to a hotel, but also provide home from home comforts such as Wifi Broadband, SKY TV and a range of helpful and luxurious extras such as gym membership and food hampers to make your stay in our short term accommodation perfect. Our number one aim is to provide our guests with an enjoyable and comfortable stay whilst away from home by providing luxury serviced accommodation to rival the best business class hotels in Milton Keynes.
