

[Serviced Apartment](#)

Amstelveen, a peaceful, green municipality close to Amsterdam, is the home of the attractive Amstelveen Service Apartments building which features 255 fully-equipped luxury apartments each measuring 45m². The apartments are named after two famous Dutch artists, Corneille and Karel Appel, who formed part of the Cobra movement. This was a European avant-garde movement which took its name from the initials of the founders' home cities: Copenhagen, Brussels and Amsterdam. Amstelveen is the home of the COBRA Museum of Modern Art. Just like in a luxury hotel, our staff delivers a high service level. During the day, a host or hostess will be present to welcome you and your guests and provide you with any information you might need. The big difference from a hotel is that your guests can just ring your doorbell, as if you were at home. The entrance of the Htel apartment complexes is in line with the design of the apartments. We have used attractive, luxurious materials such as marble, copper, ostrich leather and leaded glass. In keeping with the names of the apartments, beautiful modern art can be found in all the public areas.
